Chris Ryan, “Canadian Revenue Newsletter”, No. 39, of May 2002

“The CADDY excise stamp was redesigned in 1871, with the first delivery by BABN occurring at the end of July. New BOXES stamps were added later in red (pre-October 1873) and in black (post-October 1873). Initially and predominantly, these new upright rectangular stamps were printed from steel plates, with some later production by lithographic transfers. In September 1874 the Revenue Department authorized the preparation of the first Division-specific stamps for manufactured tobacco. These stamps bear the printed name of the Revenue Division and signature of its Collector in the spaces previously left blank to be filled in by hand or rubber stamp. The first of these personalized stamps were prepared for use in Montreal and Toronto. It is surmised that similar stamps for other Divisions were subsequently introduced overtime as warranted by numbers used.”

3rd BABN Contract (1878-1883)

John McKay records that 116,000 *lithographed* “Blue Caddies” were Delivered. He has grouped the Division Open and the Montreal Division stamps.

From the recorded control numbering, which follows, at least 36,000 were for the Montreal Division.
